OUR HISTORY

ROPESPEC was established in 2014, later becoming MT ROPE, with the intention of addressing the need for a reliable rope access service provider that could bridge the gap between clients and service providers while also providing competitive pricing. At the time, there were few companies offering rope access services, resulting in high prices due to the lack of competition.

MT ROPE places a strong emphasis on customer satisfaction. We strive to ensure our clients are content with the services we provide and build trust with our clients, so that they feel comfortable and satisfied with our services, leading them to recommend us to others.

- Black Economic Empowerment Company.

VISION

To be the recognised performance leader of the South African rope access industry.

MISSION

To provide innovative and efficient industrial height access solutions to the civil construction and energy markets in a safe, reliable and professional manner.

CULTURE

- Collaborative
- Dedicated
- Accountable
- Respectful

VALUES

- Safety
- Professionalism
- Reliability
- Customer satisfaction
- Innovation

OUR OUTCOMES

- 1. We guarantee that our solutions will help our clients increase their productivity while reducing their overhead expenses.
- 2. We ensure that our client's operations are running smoothly and safely with our highly trained technical staff that is capable of performing inspections and maintenance work.
- 3. We are committed to providing our clients with the best quality service and strive to exceed their expectations.

TEAM OVERVIEW

Our team is composed of highly skilled, experienced professionals who are committed to providing our clients with the best possible rope access solutions. We are a collaborative team that is dedicated to safety, reliability, innovation, and customer satisfaction. We value accountability and respect and strive to exceed our client's expectations.

SOCIAL RESPONSIBILITIES

Our company is dedicated to upholding our social responsibility by employing local personnel at every location we work at.

POLICIES AND DISCLAIMERS

Policies

Occupational Health and Safety policy.

MT ROPE (Pty) Ltd considers nothing to be more important than the promotion of safety and health in our business.

It is the policy of MT ROPE (Pty) Ltd to promote and maintain a safe working environment and to ensure the safety and health of our employees.

This will be achieved by our insistence on high standards of training, quality, best work practices and information sharing.

Employees will be familiarized with this policy and the procedures and regulations of the OHS Act - management commits itself to providing the necessary leadership and support to develop and maintain the safety management program to achieve these objectives.

Our Health and Safety policy will be reviewed annually with a view to ensuring it is still relevant and in line with our goal of continuous development.

The objectives of our safety management program are:

Ensuring a safe, healthy and productive working environment.

Promoting a culture of safety at all levels of the company.

Prompt analysis and investigation of all incidents.

Adoption and adherence to the highest standards of health and safety.

Strive to continually improve our performance by reducing the severity and number of incidents.
